Meeting **FINANCE AND GENERAL PURPOSE COMMITTEE**

Date **TUESDAY 24TH MARCH 2009.**
Report of **CHIEF EXECUTIVE AND CHIEF CONSTABLE**

Subject **LOCAL OBJECTIVES 2009/10**

Purpose of the Report

1. The purpose of this report is to describe progress with setting local objectives for 2009/10 and to seek approval for adoption of the attached draft objectives. (Appendix A)

Background

2. The Police Authority is required to publish a local policing plan setting out details on what the force is going to deliver over the next twelve months and the next three years (a rolling three year plan revised annually). The plan must include the authorities own local priorities, objectives and targets for the year.
3. In setting locally selected priorities, objectives and targets the authority should focus on performance in areas not measured elsewhere in the APACS measurement domains.

Planning Process for Local Objectives 2009/10.

4. At their discussion day on 27 February 2008, members considered potential local priorities and objectives.
5. Following this discussion day, detailed work was undertaken by the Force to identify potential local priorities, objectives and targets taking into account the views of members and also the professional advice of Chief Officers and business leads within the Force. The Chief Executive and Chair of the authority have been consulted during this process.
6. This work has led to the attached proposed priorities, objectives and targets, which has been endorsed by the Chief Officer Group (COG) at their meeting on 6 March. A short narrative is provided for each priority to explain the rationale for the proposal that members are being asked to consider

Recommendations
